IMPORTANT! Please read filing instructions before completing this application

When an application for any proposal is left for filing, the mere act of leaving the application does not mean the application has been accepted as being complete. You will be notified within thirty (30) days in writing whether the application has been accepted as being complete and setting a tentative public hearing date. This is not a local requirement, but a State requirement found in Chapter 65943 of the Government Code

This application must be filled out completely and with full answers to every statement and question. This application must be signed by the owner or owners, or legally authorized agent.

A site plan review meeting with the Planning and Building Department, Engineering, Parks, Solid Waste, Fire and other City Departments will be set up prior to Planning Commission meeting.

Please submit the following information with your application:

- Site plan map (to scale) showing lot dimensions, existing structures, and easements (10 copies) 18" x 26" minimum size.
- Floor Plan map (to scale) 10 copies 18" x 26" minimum size
- All elevations of the new or existing structure (10 copies), include one color elevation depicting proposed color scheme 18" x 26" minimum size.
- Please provide one reduced copy (8 1/2" x 11") of site plan, floor plan, and all elevations.
- Elevation of proposed structure, including colored elevation or rendering for public hearing.
- Complete and submit the Environmental Information Form, including any special studies needed to complete the environmental review.
- Submit an accurate scale drawing of the site and the surrounding area for distance of at least three hundred feet (300') from each boundary of the site showing the location of streets and property lines and the names and last known addresses of the recorded legal owners of all properties shown on the drawings. In addition, mobile home park residents will need to be identified. PLEASE TYPE NAMES AND ADDRESSES OF ALL PROPERTY OWNERS ON MAILING LABELS and including mobile home residents which shall be identified by "resident" and "space-number." In addition, the Planning Director may at his discretion, expand the noticing requirements in high growth areas, where it is clear that the county assessor's roll is not current with names and address. (Council authorization 7-2-2002)

Plan submitted must include the following information:

- Dimensions of property
- Location of existing and proposed buildings or structures showing setbacks
- Location and width of drive approaches.
- Location of off-street parking, indicate the number of parking spaces, type of paving, direction of traffic flow, parking stall dimensions, and areas for turning and maneuvering vehicles.
- Location, height, and material of existing and/or proposed fences and/or walls
- Indicate all exterior surfacing materials and specify their color.
- Location and design of landscaped areas.
- Refuse disposal site(s)

Floodplain Management (FEMA)

Floodplain Management Regulations Section 10.104.01 is to promote the public health, safety, and general welfare, and to minimize public and private losses due to flood conditions in specific areas.

Does the proposed structure or improvements to be located within floodway, will the structure or improvement result in any increases in flood levels during the base flood discharge (100-year flood)?

If so, please identify the base flood elevation _____

Supplemental Information For Applications for any Development Projects
